

The timeless appeal of handcrafted wood beadboard.

With the perfect measure of historic charm, Greenbriar Vintage Beaded Soffit faithfully recreates the timeless appeal of handcrafted wood beadboard. The gracefully sculpted bead and narrow board call to mind the beauty and refinement of 19th century Victorian England homes – where pristinely trimmed porches, gables and other accent areas were certain to draw admiring glances. Today, this same exquisite detail is masterfully presented in a durable, protective vinyl soffit. Not only will Greenbriar Vintage Beaded Soffit lend character and style to the exterior of your home, it will promote essential air circulation for the eaves and rafters.

Accent on style. Showcase the beauty of your home with Greenbriar Vintage Beaded Soffit and the Alside Design System.™

Add excitement and visual appeal to your home with Alside's Exterior Design System – a coordinated collection of easy-care trim products for every accent area.

VINTAGE BEADED SOFFIT

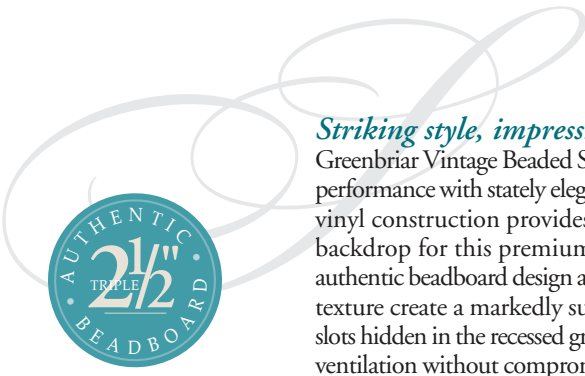

Premium Vinyl Soffit System

Distinctive quality with historic appeal.

Alside

Greenbriar® Vintage Beaded Soffit.

Striking style, impressive strength.

Greenbriar Vintage Beaded Soffit marries superb performance with stately elegance. A heavy-duty vinyl construction provides a durable, strong backdrop for this premium soffit, while an authentic beadboard design and luxurious matte texture create a markedly superior finish. Vent slots hidden in the recessed grooves ensure ample ventilation without compromising the smooth, upscale appearance.

Recessed vents in the grooves provide ample airflow throughout the roof structure and eaves, yet maintain a smooth appearance for maximum curb appeal.

Beaded detail enhances the charm of porch ceiling and overhang installations.

Essential ventilation for your home.

A well-designed soffit system is essential to maintaining the structural integrity of a home. When properly installed, soffit promotes directional airflow and allows trapped moisture to escape from the eaves and rafters. Greenbriar Vintage Beaded Soffit is performance-engineered with recessed vent slots to provide air circulation throughout the roof structure – helping to keep your home in great shape both inside and out.

Easy-care upkeep.

Greenbriar Vintage Beaded Soffit is a pleasure to maintain. The durable vinyl construction it won't warp, rot or peel and never needs to be painted. Just rinse occasionally with the garden hose to freshen its appearance.

Complementing colors.

With six elegant colors to choose from, Greenbriar Vintage Beaded Soffit lets you design a soffit system that complements the individual character of your home. From subtle, warm hues to just-right white, your home will be a beautiful reflection of your own good taste.

Colors are as accurate as printing techniques allow. Make final product selections using actual vinyl samples.

Greenbriar Vintage Beaded Soffit's graceful bead creates a dramatic shadowline while its low-gloss finish and matte texture capture the historical beauty and charm of freshly painted wood beadboard.

A lifetime of protection.

Tested and true, Greenbriar Vintage Beaded Soffit carries a lifetime limited warranty – one of the strongest in the industry. This written pledge is further assurance you have chosen a high-performance, premium-quality product backed by a respected manufacturer.

Greenbriar Vintage Beaded Soffit will beautifully enhance porch ceilings, roof overhangs and gables with classic style. When you stand back and look at the exterior of a home, it's often the crisp lines and clean finished look of these distinctive architectural elements that catch your eye.

The Promise of Excellence.

The first step to a beautiful home comes long before a siding contractor pulls into your driveway. It starts with the product development teams and manufacturing specialists at Alside, who select materials, refine designs and continuously improve production and quality control processes.
